#### MANAGEMENT REPORT

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 37 (Delta) have been prepared by management in accordance with Canadian public sector accounting standards and provincial reporting legislation and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 37 (Delta) (called the "Board") is responsible for ensuring that management fulfills it's responsibilities for financial reporting and internal control and exercises these responsibilities through the Board.

The external auditors, PricewaterhouseCoopers LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 37 (Delta) and meet when required. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

### **Independent Auditor's Report**

#### To the Board of Education of School District No. 37

We have audited the accompanying financial statements of School District No. 37, which comprise the statement of financial position as at June 30, 2018 and the statements of operations, changes in net financial debt, and cash flows for the year then ended, comprising Statements 1 to 5, and the related notes, which comprise a summary of significant accounting policies and other explanatory information (financial statements).

#### Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements of School District No. 37 for the year ended June 30, 2018 are prepared, in all material respects, in accordance with Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia.

#### **Basis of accounting**

Without modifying our opinion, we draw attention to note 2 of the financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

#### Other matter

The attached supplementary information included in Schedules 1 through 4D is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information included in Schedules 1 to 4D has not been audited.

#### NOTE 1 AUTHORITY AND PURPOSE

The School District, established on April 12, 1946, operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 37 (Delta)", and operates as "School District No. 37 (Delta)." A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 37 (Delta) is exempt from federal and provincial corporate income taxes.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(f) and 2(m).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in notes 2(f) and 2(m), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense. As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require these grants to be fully recognized into revenue.

The impact of this difference on the financial statements of the School District is as follows:

Year-ended June 30, 2017 - increase in annual surplus by \$9,113,030

June 30, 2017 - increase in accumulated surplus and decrease in deferred contributions by \$107,792,110

Year-ended June 30, 2018 – decrease in annual surplus by \$397,036

June 30, 2018 – decrease in accumulated surplus and increase in deferred contributions by \$107,395,074

Page 8 June 2018

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

#### c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

#### d) Portfolio Investments

The School District does not currently have investments in term deposits that have a maturity of greater than 3 months at the time of acquisition.

### e) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

#### f) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2 (m).

Page 9 June 2018

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### f) Deferred Revenue and Deferred Capital Revenue (Continued)

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2 (a) for the impact of this policy on these financial statements.

#### g) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2016 and projected to March 31, 2019. The next valuation will be performed at March 31, 2019 for use at June 30, 2019. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School district and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

Page 10 June 2018

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## h) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of
  donation, except in circumstances where fair value cannot be reasonably determined,
  which are then recognized at nominal value. Transfers of capital assets from related
  parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they
  no longer contribute to the ability of the School District to provide services or when the
  value of future economic benefits associated with the sites and buildings are less than
  their net book value. The write-downs are accounted for as expenses in the Statement of
  Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

| Buildings             | 40 years |
|-----------------------|----------|
| Furniture & Equipment | 10 years |
| Vehicles              | 10 years |
| Computer Software     | 5 years  |
| Computer Hardware     | 5 years  |

Page 11 June 2018

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### i) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

#### j) Prepaid Expenses

The following items are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

- Insurance for fleet vehicles
- Annual software support agreements
- Prepaid memberships, subscriptions and registration fees
- Prepaid utility costs

#### k) Supplies Inventory

Supplies inventory held for consumption or use include materials and supplies for Facility use and are recorded at the lower of historical cost and replacement cost.

### 1) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Notes 12 – Interfund Transfers and Note 18 – Internally Restricted Surplus). Funds and reserves are disclosed on Schedules 2, 3 and 4.

#### m) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Page 12 June 2018

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## m) Revenue Recognition (Continued)

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2(a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

Page 13 June 2018

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### n) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed. Interest expense includes interest on capital leases.

## Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

## Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

#### o) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, bank overdraft, accounts payable and accrued liabilities, long term debt and other liabilities.

Except for portfolio investments in equity instruments quoted in an active market that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Page 14 June 2018

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### o) Financial Instruments (Continued)

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

## p) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 2 a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Management has not identified any areas requiring significant estimates.

#### q) New Accounting Standards

Effective July 1, 2017, the School District adopted the following new Public Sector Accounting Standards:

#### PS 2200 Related Party Disclosures and PS 3420 Inter-Entity Transactions

These sections define a related party and establish disclosures required for related party transactions. Disclosure is required when related party transactions have occurred at a value different from that which would have been arrived at if the parties were unrelated, and they have, a material financial effect on the financial statements. They also establish standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective.

#### PS 3210 Assets, PS 3320 Contingent Assets and PS 3380 Contractual Rights

PS 3210 Assets provides additional guidance to clarify the definition of assets set out in PS 1000 Financial Statement Concepts.

PS 3320 Contingent Assets establishes disclosure standards on contingent assets.

PS 3380 Contractual Rights establishes disclosure standards on rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future.

There was no material impact on the financial statements of adopting the new Sections.

Page 15 June 2018

## NOTE 3 ACCOUNTS RECEIVABLE – OTHER RECEIVABLES

|                             | 2018       | 2017        |
|-----------------------------|------------|-------------|
| Due from Federal Government | \$ 476,304 | \$ 773,534  |
| Other                       | 446,240    | 630,093     |
|                             | \$ 922,544 | \$1,403,627 |

## NOTE 4 ACCOUNTS PAYABLE AND ACCRUED LIABILITIES - OTHER

|                            | 2018         | 2017         |
|----------------------------|--------------|--------------|
| Due to Province - Other    | \$ 227       | \$ 318       |
| Trade payables             | 1,545,666    | 1,936,826    |
| Wages Payable              | 1,213,336    | 1,249,183    |
| Payroll deductions payable | 6,000,703    | 6,017,772    |
| Other                      | 2,383,894    | 2,099,721    |
|                            | \$11,143,826 | \$11,303,820 |

## NOTE 5 UNEARNED REVENUE

|                            | 2018         | 2017         |
|----------------------------|--------------|--------------|
| Balance, beginning of year | \$ 8,777,405 | \$ 7,725,009 |
| Changes for the year:      |              |              |
| Increase:                  |              |              |
| Tuition fees received      | 12,582,700   | 13,852,693   |
| Rental/Lease of facilities | 801,624      | 743,255      |
|                            | 13,384,324   | 14,595,948   |
| Decrease:                  |              | _            |
| Tuition fees recognized    | (12,528,509) | (12,796,161) |
| Rental/Lease of facilities | (801,624)    | (747,391)    |
| Net changes for the year   | 54,191       | 1,052,396    |
| Balance, end of year       | \$ 8,831,596 | \$ 8,777,405 |

Page 16 June 2018

## NOTE 6 DEFERRED REVENUE

Deferred revenue includes unspent grants and contributions received that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board, i.e., the stipulations associated with those grants and contributions have not yet been fulfilled. Detailed information about the changes in deferred revenue is included in Schedule 3A.

|   |         | 2018         | 2017         |
|---|---------|--------------|--------------|
| Deferred Revenue, beginning of year       | \$      | 4,203,918 \$ | 3,641,276    |
| Changes for the year:                     |         |              |              |
| Increase:                                 |         |              |              |
| Provincial Grants - Ministry of Education |         | 12,417,222   | 8,865,876    |
| Provincial Grants - Other                 |         | 99,397       | 233,082      |
| Federal Grants                            |         | -            | 25,000       |
| Other                                     |         | 5,685,968    | 5,347,132    |

#### NOTE 7 DEFERRED CAPITAL REVENUE

Deferred capital revenue includes grants and contributions received that are restricted by the contributor for the acquisition of tangible capital assets that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. Once spent, the contributions are amortized into revenue over the life of the asset acquired. Detailed information about the changes in deferred capital revenue is included in Schedules 4C and 4D.

#### NOTE 8 EMPLOYEE FUTURE BENEFITS

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

The significant actuarial assumptions adopted for measuring the School District's accrued benefit obligations are:

| Discount Rate – April 1            | 2.75%             | 2.50%             |
|------------------------------------|-------------------|-------------------|
| Discount Rate – March 31           | 2.75%             | 2.75%             |
| Long Term Salary Growth – April 1  | 2.50% + seniority | 2.50% + seniority |
| Long Term Salary Growth – March 31 | 2.50% + seniority | 2.50% + seniority |
| EARSL – March 31                   | 9.6               | 9.6               |

Page 19 June 2018

#### NOTE 9 CAPITAL LEASE OBLIGATIONS

The School District has two leases for equipment (with terms of fifty-seven months). The School District also has one lease (with a term of fifteen years) for a thermal energy plant. This lease has a buyout option based on the market value at the end of the agreement. The leases bear interest rates averaging 4.26% with average monthly principal and interest payments of \$51,106.

Repayments are due as follows:

| June 30, 2018 |
|---------------|
| \$ 613,271    |
| 613,271       |
| 613,271       |
| 613,271       |
| 567,580       |
| 4,305,046     |
| \$ 7,325,710  |
| (1,744,723)   |
| \$ 5,580,987  |
|               |

Total interest on leases for the year was \$211,500 (June 30, 2017: \$220,160).

The School District is involved in a BC Utilities Commission regulatory process with the provider of its thermal energy plant over interpretational differences in the plant's contract. The provider has applied to the Commission for a cost of service rate to apply which would result in an increased cost of energy to the School District over the remaining term of the contract. The outcome of this process or any change in rates is presently unknown and accordingly the district has not recorded any related expense.

Contributed tangible capital assets

Additions to buildings and furniture include the following contributed tangible capital assets:

2018

PAC & Municipality Funded Playgrounds

\$ 272,896 \$ 74,107

• Work in progress having a value of \$598,417 (2017: \$199,818) have not been amortized. Amortization of these assets will commence when the asset is put into service.

Page 22 June 2018

#### NOTE 11 EMPLOYEE PENSION PLANS

The school district and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusteed pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2016, the Teachers' Pension Plan has about 45,000 active members and approximately 37,000 retired members. As of December 31, 2016, the Municipal Pension Plan has about 193,000 active members, including approximately 24,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2014, indicated a \$449 million surplus for basic pension benefits on a going concern basis. As a result of the 2014 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, the employer basic contribution rate decreased.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. As a result of the 2015 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, \$1,927 million was transferred to the rate stabilization account and \$297 million of the surplus ensured the required contribution rate remained unchanged.

The school district paid \$14,470,443 for employer contributions to the plans for the year ended June 30, 2018 (2017: \$14,108,250)

The next valuation for the Teachers' Pension Plan will be as at December 31, 2017, with results available in 2018. The next valuation for the Municipal Pension Plan will be as at December 31, 2018, with results available in 2019.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

Page 23 June 2018

#### NOTE 12 INTERFUND TRANSFERS

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2018, were as follows:

- Capital Lease Principal: A transfer to the Capital Fund of \$412,364 consisting of \$410,281 from the Operating Fund and \$2,083 from Special Purpose Funds covered the 2017/18 short-term principal portion of the School District's capital leases.
- Capital Lease Interest: A transfer in the amount of \$211,500 consisting of \$211,417 from the Operating Fund and \$83 from Special Purpose Funds to the Capital Fund was made for the payment of capital lease interest.
- **Purchase of Capital Assets**: Transfers in the amount of \$336,691 consisting of \$329,914 from the Operating Fund and \$6,777 from Special Purpose Funds were made to the Capital Fund for the purchase of capital items, including computer hardware, electronic equipment, furniture and equipment and vehicles.
- Capital Projects: Transfers in the amount of \$1,650,373 consisting of \$1,049,368 from the Operating Fund and \$601,005 from Special Purpose funds were made to the Capital Fund. These funds paid for building, computer hardware, software, furniture and equipment.
- Capital Expenses: A transfer in the amount of \$13,970 from the Operating Fund was made to the Capital Fund for a capital project technology optimization review.

#### NOTE 13 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

#### NOTE 14 CONTRACTUAL OBLIGATIONS

The School District has received approval and funding of the Ministry of Education to undertake the following capital projects: the roof replacement at Seaquam Secondary School (\$907 thousand); a heating and ventilation upgrade at Burnsview Secondary School (\$625 thousand), a high voltage transformer replacement at Brooke Elementary School (\$207 thousand) and a playground structure at Chalmers Elementary School (\$105 thousand). The Ministry of Education funded projects from 2017-18 that will carry forward into 2018-19 include the completion of the Gibson Elementary School Seismic Upgrade (\$431 thousand remaining) and a heating and ventilation upgrade of Cliff Drive Elementary School (\$146 thousand remaining). Additionally, Ministry of Education Annual Facility Grant funding of \$3.023 million is expected for facility repairs and upgrades and year 3 of 3 funding for Youth Trade Equipment upgrading (\$153 thousand). In completing these projects, which are anticipated to total \$5.60 million, the School District is entering into a number of varying short-term contracts with various contractors throughout the anticipated duration of these projects. All of these projects are expected to complete by June 2019.

Page 24 June 2018

#### NOTE 15 CONTINGENT LIABILITIES

- (a) Ongoing legal proceedings: In the ordinary course of operations, the School District has legal proceedings brought against it and provisions have been included in liabilities where appropriate. It is the opinion of management that final determination of these claims will not have a material effect on the financial position or operations of the School District.
- (b) Outstanding Labour Relations and Human Resources related matters may result in imposed or agreed to settlements. The potential amount of the loss to the School District, while not determinable, is not expected to exceed \$200,000.

#### NOTE 16 BUDGET FIGURES

Budget figures included in the financial statements are not audited. They were approved by the Board through the adoption of an amended annual budget on February 27, 2018.

#### NOTE 19 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

#### NOTE 20 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

#### a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a debtor. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the School District invests solely in the Province's Shared K-12 Investment Pool.

#### b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in the Province's Shared K-12 Investment Pool.

Page 27 June 2018

### NOTE 20 RISK MANAGEMENT (Continued)

## c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.
